About Me

Hi, I'm Alireza Shabanzadeh, a 23-year-old motion graphics designer from Rasht, Gilan—the land of creativity and great Persian tea! With six years of experience in graphic design, I specialize in Adobe software, particularly After Effects, Photoshop, and Illustrator, where I craft dynamic visuals and elevate brand stories through animation. Currently, I'm honing my skills at Rahavard Samanehaye Amn, bringing life to secure and impactful visuals. My journey began in the field of e-learning content creation at Mehr-e-Alborz University and continued through a variety of creative projects at Micfava. In addition to my design expertise, I hold a Bachelor's in Software Engineering and am currently pursuing a Master's degree in English Language Education, making sure to balance both my creative and technical sides. Beyond Adobe, I'm also proficient in Microsoft Office, including PowerPoint and Excel, where I bring structure and creativity to presentations and data. Let's collaborate and tur
